事故福利金额参考表

Accident Benefit Amounts — Reference Sheet

现行法定限额与改革前基础金额的核对参考页，配合《事故福利自选项目自查清单》与特别节目使用。

For checking current statutory limits and pre-reform base amounts; use with the Self-Check Checklist and the special episode.

本表用于核对并记录你现有保单的保障与金额。

Use this sheet to check and record the coverage and amounts in your current policy.

先看这一段：本次改为自选的事故福利，其给付金额或上限按所选保障及适用条款确定；下表将改革前基础参考与当前应核对的金额分开列示。医疗、康复与陪护的法定限额和增额选项见第一行。续保延续的是**你原保单实际的保障及限额——包括此前已购买的增额**，不是全省统一基础档；未经你书面同意，保险公司不能单方面调低。

Read this first: For the accident benefits that became optional in this reform, the payable amount or limit is set by the coverage you select and the applicable terms; the table below lists pre-reform base references separately from the amounts to check now. Statutory limits and increase options for medical, rehabilitation and attendant care are in the first row. On renewal, your existing coverage and limits continue — **including increases already bought** — and cannot be lowered without your written agreement.

共同说明：金额均为加元。表内金额不是保证赔款——是否符合资格、可领取多久、实际费用与其他福利的抵扣，须另行核对。医疗、康复和陪护另有时间、月度等限制，不能只看总额度。收入替代的 70% 是计算规则的一部分，不等于必然收到工资的 70%。非受薪者每周 $185 不是凭退休、失业或学生身份自动获得的津贴，须符合领取条件。看护和受扶养人照料不能只按家庭成员数量直接算出，须按实际照顾情况与条件核对。本表供你自行核对和留存，无需填写身份或联系方式，也无需向节目方提交。

Notes for all rows: All amounts are in Canadian dollars. Amounts here are not guaranteed payments: eligibility, duration, actual expenses and offsets against other benefits must be checked separately. Medical, rehabilitation and attendant care benefits also carry time limits and monthly caps — do not rely on the total limit alone. The 70% under income replacement is part of a calculation formula, not a promise of 70% of wages. The $185/week non-earner benefit is not automatic for retirees, the unemployed or students. Caregiver and dependant care amounts cannot be worked out simply by counting family members.
